LEE CRUTCHFIELD
159 MINI LANE
CAMERON, NC 28326

Customer ID: **322032**
Certificate: **55-C-0242**
Site: 001
LEE CRUTCHFIELD

Type: ROUTINE INSPECTION
Date: 04-FEB-2021

3.125(a)

Facilities, general.

An electric cord was unprotected and accessible to two young coatimundi in the indoor area. Electrical cords pose a significant health risk to animals that may chew or pull on them. The facilities shall be maintained in good repair to protect the animals from injury. This electrical cord was removed at time of inspection.

3.84(d)

Cleaning, sanitization, housekeeping, and pest control.

An excessive number of houseflies were present in the indoor housing area at 3 enclosures containing (1) the colobus monkey, (2) 2 spider monkeys, and (3) 1 pig-tailed macaque and 1 rhesus macaque. Flies can harbor and distribute disease among animals housed in the same area. An effective program for the control of insects must be maintained so as to promote the health and well-being of the animals and reduce contamination by pests in animal areas. Correct by February 10, 2021.

This inspection and exit interview were conducted with the facility owner.
