Certificate: **34-C-0288**
Site: 001
LEWIS FARM MARKET LLC

Type: ROUTINE INSPECTION
Date: 08-JUN-2017

2.40(a)(2)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

The program of veterinary care does not include the newly acquired lemurs. The licensee must have an adequate program of veterinary care for all regulated species at the time of acquisition. Contact your attending veterinarian and create a plan to ensure optimal animal health.

Correct June 22, 2017

3.129

FEEDING.

Chemicals (paint, stain, fly spray etc) were found to be stored next to and above the food and medication in multiple barns. The food must remain free from contamination to keep the animals in good health. Store the food in an area where contamination is not likely.

Correct by June 22, 2017

3.133

SEPARATION.

Three male wallabies are housed together in an enclosure. The two intact males have a history of fighting and have caused minor injuries to each other. Animals that are housed together must be compatible to ensure optimal animal health and prevent discomfort. The fighting between the wallabies must be prevented.

Correct by July 8, 2017

The perimeter fence for the lemurs is under review.

This inspection and exit interview were conducted with the licensee.
