

## Inspection Report

Denver Rescue Mission Harvest Farm  
4240 E. C R 66  
Wellington, CO 80549

Customer ID: **39157**

Certificate: **84-C-0126**

Site: 001

Denver Rescue Mission Harvest Farm

Type: ROUTINE INSPECTION

Date: 01-NOV-2016

### 2.40(b)(2)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

\*\*\*One of the goats had excessively overgrown hooves, causing the toes to curl abnormally, as a result of not receiving routine hoof trimming.

Failure to appropriately maintain hooves/nails can cause gait abnormalities which could be painful or cause injuries. As part of the facility's programs of preventative veterinary care, the licensee must ensure that all animals receive appropriate hoof and nail care in a timely manner.

This goat must have the hooves trimmed by November 8, 2016

### 3.125(a)

#### FACILITIES, GENERAL.

\*\*\*The wires holding the wooden boards to the metal fencing in the pig enclosure have numerous sharp points that could come into contact with the pigs and lead to injury.

All enclosures must be kept in good repair and free of sharp points, protruding edges, or gaps/openings in order to protect the animals from injury. A system of timely identification, facility repair, and maintenance must be in place.

To be corrected by: November 8, 2016

This inspection and exit briefing were conducted with the facility representative.
