### 2.40(a)(1)

#### Attending veterinarian and adequate veterinary care (dealers and exhibitors).

The program of veterinary care indicates annual visits are required by the attending veterinarian however the licensee states that it has been over a year since the attending veterinarian has visited the facility.

A written program of veterinary care along with regularly scheduled visits to the premises is important for maintaining animal health. Correct by having an up-to-date written program of veterinary care in place including regularly scheduled visits by the attending veterinarian. Correct by October 31, 2024.

This inspection and exit interview were conducted with the licensee.
