Certificate: **58-C-1223**
Site: 001
MACRI INVESTMENTS, LLC

Type: ROUTINE INSPECTION
Date: 19-FEB-2019

2.1(a)(1)

REQUIREMENTS AND APPLICATION.

On February 19, 2019, the facility was visited by this inspector and unlicensed regulated activity was confirmed by exhibiting animal species covered by the regulations and standards of the Animal Welfare Act (AWA); both, exotic and domestic animal species were identified.

Any person operating or intending to operate as a dealer, and/or exhibitor, except persons who are exempted from the licensing requirements under paragraph (a)(3) of this section, must have a valid USDA license as required by the AWA. The owner/manager of the facility must apply for a license by submitting the required information/documentation to the USDA-APHIS-AC Regional Director in Raleigh, North Carolina. In the license application form, the establishment must provide the information requested, including a valid mailing address through which the owner/manager could be reached at all times, and a valid premises address where animals, animal facilities, equipment, and records may be inspected for compliance.

After touring the facility, this inspector discussed the need for the facility to have/obtain a USDA license and compliance with the requirements of the AWA. A packet containing license application materials and information was provided at the end of the tour; a booklet of all AWA regulations and standards was also provided. The facility's General Manager stated a complete application for an USDA license would be submitted to the AC Regional Director within the next few days.

NO REGULATED ACTIVITIES MAY BE CONDUCTED WITHOUT OBTAINING A VALID USDA LICENSE.

This inspection and exit interview were conducted with the facility's owner and two additional facility representatives.
