Certificate: **93-C-0711**  
Site: 001  
DEBBIE PEARL

Type: ROUTINE INSPECTION  
Date: 12-OCT-2023

---

### 2.40(a)(1)

#### Attending veterinarian and adequate veterinary care (dealers and exhibitors).

The last site visit and review of the Program of Veterinary Care, (PVC), by the attending veterinarian was over 1 year ago (9-16-2022). The Program of Veterinary Care should be reviewed and updated as necessary to accommodate new animals/species, facility changes, new regulations, and/or changes in husbandry practices.

Each dealer and exhibitor shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises of the dealer or exhibitor.

Correct by November 2, 2023.

### 2.40(b)(2)

#### Attending veterinarian and adequate veterinary care (dealers and exhibitors).

The following medications were past the labeled expiration date: cephalexin 250 mg - expired in 2021, cephalexin 500mg expired on 8-21-2023. These medications were intermingled with other products that are currently being used at the facility and are therefore considered ready for use.

Expired drugs are not an appropriate method to prevent, control, diagnose, and treat diseases and injuries. The licensee must ensure that all medications used in the facility are not expired, labeled properly in accordance with standard veterinary practices, and are stored in accordance with manufacturer recommendations.

Correct by November 2, 2023.

This inspection and exit interview were conducted with a facility representative.
