2.31(d)(1)(2)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

The Principle Investigator on Protocol AUP-00050-2013 states there is a painful procedure in the protocol. There is no literature search for alternatives included in the protocol. The protocol shall be amended to include a written description of the painful procedure and the method and sources used to determine that alternatives to procedures that may cause pain or distress to the animals were not available. In addition there should be re-evaluation of the protocol to ensure that it has been properly categorized. Correct by August 24, 2014.

2.31(d)(1)(8)

INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).

There is no documentation indicating the Principle Investigator has been fully trained and is qualified to conduct the alternative method of euthanasia indicated in the protocol. The training records provided indicate a general fire arm safety and use course was attended and completed, but there are no records indicating any training in the specific application to the animals. As of this date no animals have been euthanized on this protocol. Prior to euthanizing any animals by the alternative method documented, training shall be provided and documentation kept indicating the Principle Investigator is fully qualified. Correct by August 24, 2014.

The inspection and exit briefing conducted with a facility representative.
