45494 Highway 69 West
Lake Mills, IA 50450

Customer ID: **32042**
Certificate: **42-A-1149**
Site: 001
MICHAEL KNUDTSON

Type: ROUTINE INSPECTION
Date: 07-APR-2015

2.40(b)(2) REPEAT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

***A female Chocolate Lab (#94) was limping, and favoring her right front paw. Upon closer observation, noticed a quarter sized mass connected to a middle digital pad and laying between the digital pad and the metacarpal pad. This mass was large enough that it was extended past the digital pads. The skin between the toes was reddened. There was also a dime size abrasion on the back of the metacarpal pad. The mass and abrasion on this paw could be the result of an injury, infection, illness or other veterinary medical condition which may cause discomfort. The licensee must consult with a licensed veterinarian regarding this animal's condition by April 10, 2015 in order to obtain an accurate diagnosis and to ensure that an appropriate treatment plan is developed and followed. The licensee must ensure that all animals receive adequate veterinary care at all times.

Veterinary care for Border Collie (083) from the February 26, 2015 inspection has been addressed.

The inspection and exit interview were conducted with licensee and Chad Proctor ACI.
