### 2.31(c)(3)

#### Institutional Animal Care and Use Committee (IACUC).

The required semiannual evaluation by the research facility for spring 2023 was not available for inspection. The spring 2024 semiannual report was not signed by a majority of the Institutional Animal Care and Use Committee (IACUC) members at the time of inspection. The IACUC needs to ensure the semiannual report is complete and ensure the report is signed by a majority of IACUC members in accordance with the Animal Welfare Act. The semi-annual evaluation report to the Institutional Official (IO) functions as notification of the overall status of the facility and any identified deficiencies to the IO so that the IO can determine that the IACUC is able to ensure the humane care and use of animals. Corrected during inspection, 13 June 2024.

This inspection and exit interview were conducted with a Facility Representative.
