Certificate: **23-R-0180**
Site: 001

CENTER CITY HAHNEMANN CAMPUS

Type: ROUTINE INSPECTION

Date: 04-MAR-2015

2.33(b)(5)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE.

Item 2.33 b 5 Veterinary Care

At the time of inspection protocol 20318 indicates the use of Bupivacaine/Lidocaine topically following biopsy. A review of post-op records indicate that the post op treatment of bupivacaine/lidocaine failed to show the administration according to the approved protocol. In addition the protocol indicates fluids will be administered, but the records failed to show the administration of the fluids as required.

The protocol needs to be followed in order to insure proper veterinary care.

Correct from this day 3/4/15

Inspection was at both the City Center campus and the Queens Lane Campus.

Inspection took place over 2 days 3/3-4/15

An exit interview took place at the end of inspection
