Institutional Animal Care and Use Committee (IACUC).

Protocol 00002278, approved 03/11/2022, did not contain a justification for the appropriateness of the number of animals to be used. Review of the appropriateness of the number of animals to be used ensures that the IACUC is approving scientifically valuable research that will produce replicable data leading to correct conclusions. The facility must ensure that protocols contain a rationale for the appropriateness of the numbers of animals to be used.
