Type: ROUTINE INSPECTION

Date: 17-APR-2024

2.40(a)(1)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

During the inspection it was noted that that program of veterinary care did not include the ducks or chickens. The license reported that in that past her vet has not wanted to see the birds. Not having a veterinarian that is willing and knowledgeable in the treating of poultry could lead to illness and prolonged suffering for the animals.

In the case of a part-time attending veterinarian, the formal arrangement shall include a written program of veterinary care that covers all licensed species.

Correction date: May 17th, 2024

This inspection and exit interview were conducted with a facility representative.
