Customer ID: **507686**  
Certificate: **58-C-1249**  
Site: 001  
Brunon Blaszak

Type: RE-LICENSE INSPECTION  
Date: 03-DEC-2024

---

### 2.40(a)(1)

#### Attending veterinarian and adequate veterinary care (dealers and exhibitors).

At the time of inspection, there was no written program of veterinary care available for review.

A completed written program of veterinary care is important for the care of the animals and ensures clear and accurate communication between the facility and the attending vet. The licensee must have a completed program of veterinary care available for review during inspections.

Each dealer and exhibitor shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian, the formal arrangements shall include a written program of veterinary care. To be corrected by the next relicense inspection.

### 3.127(d)

#### Facilities, outdoor.

A portion of the facility's perimeter fence, surrounding tiger and lion enclosures, failed to meet the minimum requirement of 8ft in height. Along the southern section of the perimeter fence is a double gate. This gate is composed of two sections, with each section being approximately 5 feet in height and 7 feet in length. There is also a gap between the sections approximately 8 inches wide.

Animals and unauthorized people could use this portion of the perimeter fence to gain access to the animals behind it.

The fence must be constructed so that it protects the animals in the facility by restricting animals and unauthorized persons from going through it or under it and having contact with the animals in the facility, and so that it can function as a secondary containment system for the animals in the facility. To be corrected before the next relicense inspection.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by February 1, 2025, or the applicant will forfeit the license
