THE CREATURE CONSERVANCY

Type: ROUTINE INSPECTION

Date: 20-APR-2015

2.40(b)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

(This is a focused inspection)

The licensee acquired a cougar cub approximately 7 months ago. This animal now weighs approximately 45 to 50 pounds and is 9 months old. The facility acquired the animal without having a suitable enclosure for this animal as it grows into an adult animal. The animal is currently in an enclosure measuring approximately 15' by 11'. The licensee must provide an enclosure which will meet the needs of an adult cougar. Failure to provide the availability of an appropriate enclosure with adequate space for exercise, climbing and resting platforms for this growing animal, may lead to issues concerning the well-being of this animals overall health.

Correct by 7/15/15

(The inspection was conducted on 4-20-2015 and the exit interview was conducted with the licensee on 4-23-2015).
