Requirements and procedures.

On June 11, 2023 Kuwait Airlines transported a dog in cargo on flight KU117 without an active registration. Proper registration is essential in order to track the transportation of animals and to ensure compliance with all appropriate regulations and guidelines. Carriers must register with the Secretary by completing and filing a properly executed form. No regulated activity can be conducted until a valid registration certificate is issued by USDA Animal Care.

This inspection was conducted with animal facility representatives. The exit interview was conducted by phone with an airline representative.
