FACILITIES, GENERAL.

A skunk escaped from the facility and was not recovered. The skunks were allowed access into a facility room that contained an unsecured doggy door. A single skunk was able to access the doggy door and escape from the facility. Animals must be housed in species appropriate enclosures/areas that do not allow for their escape to protect their health and well-being.

Assure that all animals are housed in species appropriate enclosures/areas to prevent their escape.

To be corrected: From this day forward.

The inspection and a verbal exit briefing were conducted with the facility owner's daughter. A thorough verbal exit briefing was conducted with the facility owner.
