City Of Elgin
150 Dexter Court
Elgin, IL 60120

Customer ID: **2553**
Certificate: **33-C-0033**
Site: 001
CITY OF ELGIN

Type: ROUTINE INSPECTION
Date: 20-MAY-2014

3.125

FACILITIES, GENERAL.

The fencing on the south and southeast side of the elk and white-tailed deer pens are in disrepair. Two sections of the cyclone fencing (each section approximately eight feet wide) on the elk pen have a gap beneath them measuring approximately five inches. One section of cyclone fencing (approximately eight feet wide) on the deer pen has a gap beneath it measuring approximately four inches. The bottoms of these three fence sections can be pulled approximately one and a half feet away from the pens.

The gaps and the ability to move the bottoms of these fences could potentially allow wild animals and unauthorized persons into the elk and deer pens.

Repair or replace the affected sections of fence.

To be corrected: 7-1-14

The inspection exit briefing was conducted with the park crew leader.
