2.40(a)(1)

Attending veterinarian and adequate veterinary care (dealers and exhibitors).

The program of veterinary care had not been updated to include the 2 wolves.

A written program of veterinary care for part-time attending veterinarians is crucial to ensure all regulated animals are receiving proper medical care and that the facility is following their attending veterinarian's guidance on basic preventative care and treatment of potential illnesses or injuries.

The facility must update the program of veterinary care with the attending veterinarian to include all regulated species.

Correct by October 26, 2022 or prior to scheduling your next relicense inspection.

3.127(d)

Facilities, outdoor.

The perimeter fence was less than 3 feet from the primary enclosure housing 2 pigs, 2 goats and 2 Patagonian cavy. The current perimeter fence is less than 8 feet in height and the licensee currently cares for 2 wolves.

Outdoor housing facilities must be enclosed by a perimeter fence that is of sufficient height to keep animals and unauthorized persons out. A perimeter fence must be constructed so that it protects the animals in the facility by restricting animals and unauthorized persons from going through it or under it and having contact with the animals in the facility, and so that it can function as a secondary containment system for the animals in the facility. Fences less than 8

Inspection Report

feet high for potentially dangerous animals or less than 6 feet high for other animals must be approved in writing by the Administrator. Additionally, the fence must be at least 3 feet in distance from the primary enclosure or must be approved in writing by the Administrator.

The facility must construct a perimeter fence of appropriate height and distance from the primary enclosures or must obtain approval by the Administrator.

Correct by December 11, 2022 or prior to your next relicense inspection.

This is a 1st Re-License Inspection for a Class C license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by December 11, 2022 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
