### 3.154(c)

#### Environment enhancement to promote psychological well-being.

The exhibited birds have enrichments within their exhibits and a written plan is being followed. However, the written plan was unavailable for review. Written plans that are followed, ensure that exhibit birds are receiving appropriate enhancements that promote their health and psychological well-being.

Dealers, exhibitors, and research facilities must develop, document, and follow a species-appropriate plan for environment enhancement adequate to promote the psychological well-being of birds. The plan must be approved by the attending veterinarian and must be in accordance with the regulations in this subpart and with currently accepted professional standards as cited in appropriate professional journals or reference guides.

TO BE CORRECTED BY: DECEMBER 6, 2024.

This inspection and exit briefing were conducted with the facility representatives.
