Facilities, outdoor.

Since the last inspection this facility has acquired a North American porcupine. They are currently housing this animal in an enclosure amongst their bird collection. However, this area is not enclosed by a 6' perimeter fence. Due to the fact that the porcupine is housed out in that area 24/7, a perimeter fence will need to be erected around this enclosure or a perimeter fence variance is granted. If a perimeter fence variance is requested all the pertinent information will need to be submitted to the following email address - animalcare@usda.gov.

***To Be Corrected By: Oct 31, 2022
