2.126(b)

Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 11:10am on September 18, 2024. The inspector attempted to contact the licensee/registrant by phone. Upon arrival to the facility, the inspector attempted to contact the licensee via the phone number on file. The inspector waited 30 minutes before leaving the facility and going to the licensee's business nearby to check their availability. The staff member informed the inspector both licensees were away from the establishment during this time. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
