RECORDS: DEALERS AND EXHIBITORS.

Two animals on site during this inspection did not have records made that contain all of the required information under the Act. A chinchilla was acquired on 8/18/14 and a guinea pig was acquired on 10/18/14 from individuals that are not licensed or registered under the AWA. A driver's license number and State and a vehicle license number and State are required information for any acquisition of animals from unlicensed/unregistered persons in order to ensure that animals are legally and humanely acquired and transported for resale as pets.

Every dealer shall make, keep, and maintain records or forms which fully and correctly disclose the required information concerning animals other than dogs and cats, purchased or otherwise acquired, owned, held, leased, or otherwise in his or her possession or under his or her control, or which is transported, sold, euthanized, or otherwise disposed of by that dealer. The records shall contain the vehicle license number and State, and the driver's license number (or photographic identification card for nondrivers issued by a State) and State of the person, if he or she is not licensed or registered under the Act.

To be corrected by 10/24/2014.
