1386 Cook Road  
LAMONT, FL 32336

Customer ID: **507580**

Certificate: **58-C-1240**

Site: 001

North Florida Wildlife Center

Type: ROUTINE INSPECTION

Date: 12-JUL-2023

---

### 3.77(g)

#### Sheltered housing facilities.

There is no public barrier in the front of one enclosure housing two ring-tailed lemurs and one enclosure housing two black-and-white ruffed lemurs. The enclosure has two types of metal wire fencing material overlying each other, however there is still enough space between them for children and/or adults to stick their fingers through and possibly contact the animal. A barrier must be present between the primary enclosure and the public at any time the public is present, that restricts physical contact between the public and the nonhuman primates. Corrected by close of business.

This inspection and exit interview were conducted with the facility representative.
