STATEN ISLAND ZOOLOGICAL  
SOCIETY

Type: ROUTINE INSPECTION

Date: 05-OCT-2021

---

### 3.125(a)

#### Facilities, general.

Item 3.125 a

At the time of inspection it was noticed that 2 areas of rotted and broken wood siding had developed on the outdoor housing for 2 of the wild boar.

Broken and rotted wood is not structurally sound nor is it in good repair to protect the animals.

Facility needs to repair/replace the rotted wood panels so as to ensure the housing facility is structurally sound and to protect the animals from injury.

Correct by 10/11/2021

This inspection and exit interview were conducted with the facility representative.
