2.131(b)(1) Critical

Handling of animals.

On May 19, 2024, a guest was observed accidentally stepping on a budgie in the aviary. The bird died and necropsy showed signs consistent with trauma. The aviary is a walk-through exhibit with an attendant that allows feeding of seed sticks to the birds by guests.

Failure to ensure careful handling can result in trauma and/or death to the birds in the exhibit.

Handling of all animals must be done as carefully as possible in a manner that does not cause trauma or physical harm.
