#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

There was no written program of veterinary care available for review at the time of the inspection. A written program of veterinary care is needed to ensure that the facility understands the expectations of the attending veterinarian in regards to the veterinary care of regulated animals. The facility should ensure that the written program of veterinary care is completed by the attending veterinarian and is available for review during USDA inspections.

An exit briefing was conducted with a facility representative.
