Type: RE-LICENSE INSPECTION  
Date: 11-JUN-2024

---

### 2.40(b)(1)

#### Attending veterinarian and adequate veterinary care (dealers and exhibitors).

Upon inspection, two bottles of expired medicated eye spray were maintained with other medications currently in use for the animals at the facility. The medicated eye spray expiration dates went back as far as 2022. Additionally, one container of topical aloe vera wipes are maintained within the medication bin.

Expired drugs may have lost their strength, and the effect of the drugs may be unpredictable, potentially leading to injury, illness or death. The facility must ensure the availability of appropriate facilities, personnel, equipment, and services to comply with the provisions of this subchapter.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by August 10th 2024, or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
