CAILOUS CALLING ANIMAL  
RESCUE

Type: RE-LICENSE INSPECTION

Date: 20-JUL-2023

---

### 2.126(a)(2)

#### Access and inspection of records and property; submission of itineraries.

The facility has a visiting veterinarian for their animals and also a written program of veterinary care (PVC) for dogs, however the written PVC that covers the care of the goats, pigs, and deer could not be located during the inspection. A written PVC that covers each regulated species at the facility is required to be available for APHIS officials to help ensure that veterinary care from an attending veterinarian is available. Ensure to locate or work with the attending veterinarian on updating the program of veterinary care so that it covers the care of the goats, pigs, and deer.

This is a 1st Re-License Inspection for a Class C license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by September 18, 2023 or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
