Date: 24-APR-2014

2.126(c)

ACCESS AND INSPECTION OF RECORDS AND PROPERTY; SUBMISSION OF ITINERARIES.

The licensee is currently in travel status and did not submit a written itinerary to the Animal Care Regional Director prior to traveling with the animals.

The itinerary shall be received by the AC Regional Director no fewer than 2 days in advance of any travel and shall contain complete and accurate information concerning the whereabouts of any animal intended for exhibition at any location other than the person's approved site.

(1) The itinerary shall include the following:

(i) The name of the person who intends to exhibit the animal and transport the animal for exhibition purposes, including any business name and current Act license or registration number and, in the event that any animal is leased, borrowed, loaned, or under some similar arrangement, the name of the person who owns such animal;
(ii) The name, identification number or identifying characteristics, species (common or scientific name), sex and age of each animal; and

(iii) The names, dates, and locations (with addresses) where the animals will travel, be housed, and be exhibited, including all anticipated dates and locations (with addresses) for any stops and layovers that allow or require removal

of the animals from the transport enclosures. Unanticipated delays of such length shall be reported to the AC Regional Director the next APHIS business day. APHIS Regional offices are available each weekday, except on Federal holidays, from 8 a.m. to 5 p.m.

To be corrected for all future travel

3.6(c)(1)(1) REPEAT

PRIMARY ENCLOSURES.

It was observed that 1 dog, Nevada, was in an enclosure that did not provide adequate space. Nevada measured

21 inches

(nose to base of tail), and would therefore require 729 square inches of floor space, but only had 432. All dogs and their enclosures should be measured, and changes should be made as needed to ensure that all dogs have adequate floor space in their primary enclosures. Adequate floor space is required in order to promote the health and well-being of the animals.

This was previously cited at their 002 site.

Original correction date 2/15/14

3.6(c)(1)(2) REPEAT

PRIMARY ENCLOSURES.

It was observed that two dogs, Nevada and Deusa, were in enclosures that did not meet the height requirements for primary enclosures: they did not provide at least six inches of space above the heads of the dogs when they are standing normally. Not all dogs were observed in their enclosures. All dogs and their enclosures should be measured, and changes should be made as needed to ensure that all dogs have adequate height in their primary enclosures. Adequate height is required in order to promote the health and well-being of the animals.

This was previously cited at their 002 site.

Original correction date 2/15/14

3.8(c)(1)(1)

EXERCISE FOR DOGS.

The group housing pen for exercising the dogs during the day does not provide at least 100 percent of the required space for each dog if maintained separately under the minimum floor space requirements of Sec. 3.6(c)(1) of this subpart. Although the facility provides the dogs with additional exercise on a regular basis through walking and conditioning sessions, the floor space available when they are housed together does not meet the minimum space requirements.

To be corrected by June 1, 2014

3.8

EXERCISE FOR DOGS.

Inspection Report

The exhibitor did not have a written exercise plan approved by the attending veterinarian. According to the owner, the dogs are in the exercise pen each day and are regularly given walks and receive positive physical contact with the owner during conditioning sessions. The exhibitor must develop, document, and follow an appropriate plan to provide dogs with the opportunity for exercise. This plan must be approved by the attending veterinarian. The plan must be made available to APHIS personnel at time of inspection.

To be corrected by June 1, 2014

An exit briefing was conducted with the facility representative.

The inspection was conducted in Canoga Park, CA
