#### Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 2:00 pm May 14, 2025. USDA arrived at the gate which was closed, to avoid blocking the gate USDA proceeded to a location down the road and attempted to make contact by phone. With no answer USDA was able to leave a message. A second contact number was provided and called but the voicemail had not been set up so a text message was sent. At 2:40 pm after no response USDA left the area.

Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
