### 2.40(a)(1)

#### Attending veterinarian and adequate veterinary care (dealers and exhibitors).

During review of documents given to the APHIS official the Program of Veterinary Care was not provided. When discussed with the authorized employee the documents were not at the facility. The facility must have a written plan from their Attending Veterinarian on the proper care of each animal at the facility. In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises of the dealer or exhibitor.

### 2.75(b)(1)

#### Records: Dealers and exhibitors.

During review of documents given to the APHIS official the records of acquisition, disposition, and animals on hand were not provided. When discussed with the authorized employee the documents were not at the facility. The records of acquisition, disposition, and animals on hand are necessary to track the movement of animals. Every dealer other than operators of auction sales and brokers to whom animals are consigned, and exhibitor shall make, keep, and maintain records or forms which fully and correctly disclose the following information concerning animals other than dogs and cats, purchased or otherwise acquired, owned, held, leased, or otherwise in his or her possession or under his or her control, or which is transported, sold, euthanized, or otherwise disposed of by that dealer or exhibitor.

### 2.134(a)

#### Contingency planning.

During review of documents given to the APHIS official a Contingency Plan was not provided. When discussed with the authorized employee the documents were not at the facility. The Contingency plan is important to train employees on steps to follow during an emergency or disaster. Exhibitors must develop, document, and follow an appropriate plan to provide for the humane handling, treatment, transportation, housing, and care of their animals in the event of an emergency or disaster (one which could reasonably be anticipated and expected to be detrimental to the good health and well-being of the animals in their possession).

### Environment enhancement to promote psychological well-being.

During review of documents given to the APHIS official, the Environmental Enrichment Plan for Birds was not provided. When discussed with the authorized employee the documents were not at the facility. The facility must develop, document, and follow a species-appropriate plan for environment enhancement adequate to promote the psychological well-being of birds. The plan must be approved by the attending veterinarian and must be in accordance with the regulations in this subpart and with currently accepted professional standards as cited in appropriate professional journals or reference guides. This plan must be made available to APHIS officials upon request.

This is a 1st Re-License Inspection for a Class C license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by May 9, 2025, or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
