Certificate: 33-T-0011

Site: PHL

PHILADELPHIA INTERNATIONAL AIRPORT

Type: ROUTINE INSPECTION

Date: 17-JUN-2015

3.13(c)

CONSIGNMENTS TO CARRIERS AND INTERMEDIATE HANDLERS.

The food and water certificate attached to the top of the primary enclosure was not completed for a 6 year old dog shipped from LAX to PHL (see waybill 016-LAX 48070186). Carriers and intermediate handlers must not accept a dog or cat for transport in commerce unless the consignor certifies in writing to the carrier or intermediate handler that the dog or cat was offered food and water during the 4 hours before delivery to the carrier or intermediate handler. The certification must include the time and date the animal was last fed and watered and the specific instructions for the next feeding(s) and watering(s) for a 24-hour period. Failure to complete the food and water certificate could affect the health and well-being of the animal being transported. Carriers and intermediate handlers must not accept a dog or cat for transport unless the food and water certificate is completed and attached to the outside of the primary enclosure.

An exit interview was conducted with airline representative.
