#### Contingency planning.

At the time of inspection, the contingency plan for the handling, treatment, transportation, housing, and care of animals in the event of an emergency was not available for review. Contingency plans must be documented according to the requirements of this section, reviewed annually, and the plan and all annual review documentation must be made available to APHIS officials upon request.

To be corrected by ensuring that the contingency plan in place at this site is available for review by APHIS officials at the time of inspection.

This inspection and exit interview were conducted with representatives at the cargo handling facility.
