### 2.126(b)

#### Access and inspection of records and property; submission of itineraries.

A responsible adult was not available to accompany APHIS Officials during the inspection process at 10:45 am on 6/5/2025. The inspector attempted to contact the licensee/registrant by Called facility owner who answered. Head advised he's in Washington state and he'll call the person who may be there taking care of the animals to let me in he'd call me back. After a few minutes he called back and he could not reach the person. I advised I'd wait for 30 minutes then I'll have to record an attempted inspection. Just in case the employee was inside the facility, I knocked on door then yelled to see if anyone available. No response.. Failure to provide access to the facility, animals, and records for inspection is a serious violation of the AWA and regulations. Failure to comply may result in enforcement action.
