

Inspection Report

City Of Idaho Falls
P. O. Box 50220
Idaho Falls, ID 83405

Customer ID: **3488**
Certificate: **82-C-0074**
Site: 001
CITY OF IDAHO FALLS

Type: ROUTINE INSPECTION
Date: 23-FEB-2016

3.125(a) REPEAT

FACILITIES, GENERAL.

- Inside the African Lions indoor housing, in the second enclosure on the left, on the back wall are multiple area where the paint is peeling off the back wall. The areas measures approximately 5 " X 4 " and 8 " x 3 ". Peeling paint creates a difficult environment to sanitize properly, allowing for microorganism to grow in addition posing the possibility of ingestion. A program of maintenance must be utilized to identify and correct this noncompliance in a timely manner, to insure a safe enclosure for the animals and that this noncompliance does not repeat.
- Due to the potential birth in this enclosure and the season, a six month correction has been given.
- To be corrected by: August 24, 2016

3.131(d)

SANITATION.

- Inside the hay barn is a bale of hay with an excessive accumulation of avian excrement on top. This poses a serious health risk to the animals that are provided this hay as a source of food. Steps must be taken to ensure a quick and effective program of identifying and protecting the food source from pest contact.
- To be corrected by: March 9, 2016

***Exit interview conducted with interim superintendent, Dr. McKinnie SACS, and Brian Hood ACI.

***The male Prevost squirrel cited under 2.40 b2 on inspection report dated December 1, 2015 has been evaluated by a veterinarian and is receiving care.

***The expired medications and access to the disinfectants cited under 2.40 on the same inspection report has been corrected.
