Access and inspection of records and property; submission of itineraries.

Section 2.126(b) - Access and inspection of records and property: A responsible adult shall be made available to accompany APHIS officials during the inspection process.

On Thursday, January 21st, 2021, at 10:00 am, a responsible person was not available to conduct an inspection. The inspector contacted the licensee by cell phone and the licensee would not be available until evening for an inspection. This is the first attempted inspection.

The licensee failed to have a responsible person available to conduct an animal welfare inspection. The facility was not able to be inspected for compliance with the Animal Welfare Act, regulations and standards to ensure the health and well-being of the animals.

A responsible person must be available to accompany the inspector on an animal welfare inspection.

The licensee's hours of availability were reviewed during the phone conversation.
