Sec. 3.11 Cleaning, sanitization, housekeeping, and pest control.

(c) Housekeeping for premises.

***** All six pens have vines growing into the fence. These vines are dropping leaves in the pen and the feed and water bowls. One pen had a flowering plant approximately 3 feet high growing in the middle of it. Licensee states the vines provide shade for the dogs. The leaves falling in to the pen with the dogs contaminates the feed, water and could potentially harm the dogs. Must maintain the vines to prevent the contamination of the feed and water bowls. Protect the health and well being of the dogs. Husband started trimming the vines at the beginning of the inspection.
