2.40(a)(1)

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

Each exhibitor shall employ an attending veterinarian under formal arrangements. In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises of the exhibitor. The attending veterinarian has not been to the facility to conduct a site visit as outlined in the program of veterinary care plan she completed. This needs to be done.

Correct by: 11-3017.

3.52(b)

FACILITIES, OUTDOOR.

Rabbits kept outdoors shall be provided with access to shelter to allow them to remain dry during rain. The two rabbits housed at the front of the property did not have a shelter that could be seen in their enclosure. A shelter must be provided.

Correct by 11-09-17.

3.56(c)

SANITATION.

Premises (buildings and grounds) shall be kept clean and in good repair in order to protect the animals from injury and to facilitate the prescribed husbandry practices. The enclosure for the two rabbits housed in an outdoor enclosure at the front of the property had an excessive amount of weed growth to the point that the licensee and I could not see if the shelter was in the enclosure or had been removed. The weeds need to be cut down so a proper inspection and daily observation of the animals can be accomplished.
