3200 River Ranch Blvd
River Ranch, FL 33867

Customer ID: **27474**

Certificate: **58-C-1073**

Site: 001

Westgate River Ranch Resort

Type: RE-LICENSE INSPECTION

Date: 20-DEC-2024

3.127(d)

Repeat

Facilities, outdoor.

The enclosure housing four wallabies does not have a complete perimeter fence, leaving one side without a separate, secondary fence that is at least three feet away.

An insufficient perimeter fence cannot effectively act as secondary containment for the animals inside and can allow unwanted animals or people to enter the facility and potentially harm the animals within. Primary enclosures that are less than three feet away from the perimeter fence may allow unwanted contact between animals inside the enclosure and people or animals outside the perimeter fence which could lead to injury or disease spread. The perimeter fence must be constructed so that it protects the animals in the facility by restricting animals and unauthorized persons from going through it or under it and having contact with the animals in the facility, and so that it can function as a secondary containment system for the animals in the facility. It must be of sufficient height (at least six feet high) to keep animals and unauthorized persons out. It must be of sufficient distance (at least three feet) from the outside of the primary enclosure to prevent physical contact between animals inside the enclosure and animals or persons outside the perimeter fence.

This is a 1st Re-License Inspection for a Class "C" license. The inspection and exit briefing were conducted with the applicant.

All items must be in compliance within 2 more inspections or by February 18, 2025, or the applicant will forfeit the license fee and must wait 6 months to reapply. Please contact your inspector to schedule your next Re-License Inspection.

Regulated activity can continue under your existing USDA license until it expires.
