Boston, MA 02115

Customer ID: 144
Certificate: 14-R-0092
Site: 001

BRIGHAM AND WOMENS HOSPITAL

Type: ROUTINE INSPECTION
Date: 29-JUN-2015

2.32(c)(3)

PERSONNEL QUALIFICATIONS.

1. Protocol #03167: The animal records for Guinea Pigs used under this protocol were reviewed during the inspection. According to the records, injectable anesthetic and sedative had been administered to the animals for an IACUC approved procedure. While the standardized dose was noted, the volume of each of the drugs administered to the guinea pigs was not documented in the animal records by investigator.

Per this Section of the Regulations, all scientists and personnel involved in animal care should be trained in the proper use of anesthetics, analgesics, and tranquilizers. The currently accepted veterinary medical standard when performing anesthesia includes recording of the volume of anesthetic and sedative medications that were administered to the animals.

The research facility needs to address this item identified for this protocol.

Correct by 8/14/15.

NOTE - Inspection conducted 6/29/15 and 6/30/15. Exit interview held on-site 6/30/15 with facility personnel.
