Type: ROUTINE INSPECTION

Date: 12-JUN-2014

2.131(d)(1)

HANDLING OF ANIMALS.

During the show, performance animals are now allowed to run across a horizontal wood log located at the rear of the show stage. This log is behind a waterfall and over the surface of pool of water; and is subjected to the water from these structures. The log has become waterlogged, very soft, & flaking/splintering on the right side.

The condition of this structure does not assure the animals well-being during the exhibition. Animals shall be exhibited only under conditions consistent with their health and well-being.

This structure shall be repaired or replaced to assure the well-being of the animals involved during the show performances.
