Type: ROUTINE INSPECTION  
Date: 25-FEB-2014

### 2.40(b)(2)

#### ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

\*\*\*Dog with microchip #099\*334\*046 (white female) has a moderate to heavy accumulation of brown matter adhered to her teeth. In addition, she had areas where the gum line is red and inflamed. Licensee had noted that her teeth were checked in December. However; they were not marked as being graded and no further action has been taken since December. Dental issues can cause several different health issues if left untreated. Licensee must have methods to prevent, control, diagnose and treat dental issues. This dog must be seen by a licensed veterinarian. Documentation of examination, diagnosis and treatment must be maintained by licensee. In addition, the licensee must establish and maintain a program for dental care for the facility.

Correct By: 11 Mar 2014

Inspection and Exit conducted with facility representative.
