2.1(a)(1)

Requirements and application.

The facility is conducting regulated activity without a valid USDA license. The facility consigned exotic animals (1 fox, 3 skunks, 5 opossums) to an auction. Upon arrival at the sale, the facility was informed that they needed a USDA license and would receive a citation if the animals were consigned. The facility chose to proceed and consigned the animals to the auction. A valid license is necessary to protect the health and well-being of the animals and to comply with the Animal Welfare Act and Regulations. Correct by obtaining a USDA license or discontinuing regulated activities. No regulated activities may be conducted until a USDA license is obtained.

This inspection and exit interview were conducted with a Facility Representative. This inspection was conducted in Mount Hope, Ohio.
