Requirements and application

It was found that an unlicensed breeder was conducting regulated activity through records obtained from a ground transport company. The records obtained indicate that the Devin Harris had conducted regulated activity, shipping Great Dane puppies on a USDA registered ground transport, in years 2021, 2022 and 2023.

On July 31st, 2023, Devin Harris was contacted via phone and I explained to him the reason for the call. He advised that they harbored 10 intact females and 7 males, all Great Dane breed, and advertise shipping by "license and bonded transport agent". An application for licensure was offered and declined because "it's not something I want to do and have 3-4 (USDA applications) at my house."

No person shall operate as a dealer without a valid license. To ensure the wellbeing of the animals the unlicensed breeder shall obtain a valid license to conduct regulated activity or cease all regulated activity.

TO BE CORRECTED BY: 8/9/2023

This inspection and exit interview were conducted with breeder.
