VET TECH INSTITUTE AT INTN'L BUSINESS COLLEGE

Type: ROUTINE INSPECTION

Date: 21-MAR-2019

### 2.31(c)(1)

#### **INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).**

Program review, facility inspection and IO reports (Semiannuals) were not conducted and generated within six months. Semiannuals were last conducted in March 2018. Lack of IACUC oversight may allow deficiencies to go unnoticed and/or uncorrected, leading to less than optimal animal health and well being. Program review, facility inspection, and IO reports must be conducted and generated at least every six months.

Correct by: April 1, 2019

### 2.31(d)(1)(ii)

#### **INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).**

All of the painful procedures listed in the protocols have not been included as keywords in the alternative searches. Animals may incur undue pain and distress if alternatives are available that have not been considered. All painful procedures identified in the protocols must be included in the alternative searches.

Correct by: October 1, 2019

### 2.31(e)(4)

#### **INSTITUTIONAL ANIMAL CARE AND USE COMMITTEE (IACUC).**

The facility uses a point system to assure animal discomfort and pain is limited. This system is not described in the protocols. It is therefore difficult to determine if the point system satisfies the requirements listed in the protocols. Animals may be used incorrectly if their use is not clearly defined in the protocols. A description of the procedures used to ensure animal pain, discomfort, and use are limited must be included in the protocols.

Correct by: October 1, 2019

This inspection and exit interview were conducted with the Attending Veterinarian and Kennel Manager.
