3.131(c)

SANITATION.

*** In the first pen closest to the house there are fence boards that have come down and are stacked in a pile inside the enclosure. Some of the boards still have nails exposed that could be a potential hazard to the animals. These boards need to be removed from the enclosure to keep the area clean and in good repair for the safety of the animals.

Correct by: Oct 20, 2015

An exit briefing was conducted with the licensee at the time of the inspection.
