Ackworth, IA 50001

Customer ID: **5222**
Certificate: **42-A-0124**
Site: 001
HELENE HAMRICK

Type: ROUTINE INSPECTION
Date: 16-FEB-2017

2.40(b)(2) REPEAT

ATTENDING VETERINARIAN AND ADEQUATE VETERINARY CARE (DEALERS AND EXHIBITORS).

An eye ointment (Vetropolycin HC) that was being used to treat eyes in the male building expired 07-16. Expired medications may not be effective for the condition being treated and some medications become toxic once expired. Ensure that expired medications are not used on animals at the facility.

3.1(c)(2) REPEAT

HOUSING FACILITIES, GENERAL.

In one enclosure, containing two dogs, there is a piece of carpet for the dogs to sit on. The edges of the carpet have been excessively torn and shredded by the dogs. The damaged areas of the carpet can not be readily cleaned and sanitized which could increase the risk of disease.

All surfaces must be maintained on a regular basis. Any surface that cannot be readily cleaned and sanitized must be replaced when worn or soiled. The licensee must replace the damaged carpet or alter it in a manner that allows for the proper cleaning and sanitizing of the surface to occur.

3.6(a)(2)(x) REPEAT

PRIMARY ENCLOSURES.

In the "Male Building" one male Shih tzu was observed to be walking back and forth in the outdoor portion of his enclosure in a hesitant manner. This section of the enclosure has raised tender foot flooring, and the inspectors observed the dog's feet pass through the openings in the flooring at least four times. Openings in the flooring large enough to allow the animals' feet to pass through could cause injury.

Primary enclosures must have flooring constructed in a manner that protects the dogs' feet and legs from injury and does not allow the dogs' feet to pass through any openings. The licensee must alter the flooring in a manner that does not allow the dog's feet to pass through the flooring. The licensee must ensure that all primary enclosures keep the dogs safe from injury at all times.

Prepared By: MAXWELL KELLY, A C I USDA, APHIS, Animal Care

Date:
20-MAR-2017

Title: ANIMAL CARE INSPECTOR 6080

Received by Title: FACILITY REPRESENTATIVE

Date:
