2.27(a)

NOTIFICATION OF CHANGE OF OPERATION.

Cargo Airport Services is receiving animals for American Airlines at the Cargo office in San Diego. A review of records from August, September, October showed multiple animals received for shipment on American Airlines, but CAS had not notified USDA APHIS Animal Care that its registration should include SAN as one of its sites. Registrants are required to notify USDA APHIS Animal Care by registered mail within 10 days of any changes in their operations related to Animal Welfare Act covered activities. All sites where covered activities occur should be reported to USDA APHIS Animal Care so that inspections can occur, so as to promote adherence to the Animal Welfare Act regulations in order to safeguard the health and well-being of transported animals. To be corrected by November 20, 2016.

2.130

MINIMUM AGE REQUIREMENTS.

In reviewing the records for October, September and August, there were several instances where a 7 week old puppy was accepted for shipment.

On 10 September, a Belgian Malinois was accepted for shipment from SAN to Denver, CO on American flight 3090 through LAX on American flight 6007 on Waybill 001-SAN-09757560, with a health certificate dated 9/8/16 identifying Puppy A as a 7 week old Belgian Malinois.

On 10 September, a Belgian Malinois was accepted for shipment from SAN to Dallas, TX on American flight 2491 on Waybill 001-SAN-09754231, with a health certificate dated 9/8/16 identifying Puppy B as a 7 week old Belgian Malinois.

On 14 October, a Siberian Husky was accepted for shipment from SAN to Newark, NJ on American flight 1566 through ORD on American flight 2404 on Waybill 001-30516905, with a health certificate dated 10/13/16 identifying Dash as a 7 week old Siberian Husky.

No dog or cat shall be accepted for consignment for transportation in commerce unless it is at least eight weeks of age and has been weaned. The intermediate handler accepted the underage animals, despite documentation showing the age. Handlers should assure that animals handled meet the minimum age requirements for shipment. Shipping puppies less than 8 weeks old could put their well being at risk.
