The Gorilla Foundation
P.O. Box 620530
Woodside, CA 94062

Customer ID: **26020**
Certificate: **93-C-0768**
Site: 001
THE GORILLA FOUNDATION

Type: ROUTINE INSPECTION
Date: 17-JUN-2015

3.75(c)(2) REPEAT

HOUSING FACILITIES, GENERAL.

In a primary enclosure for the male gorilla the floors and toilets have missing and chipped paint in some areas. Paint is worn off of walls and window frames. The fencing between the small and large yards has sections with chipped, peeling, missing paint and rust, such as on the gate. Also the ceiling above the enclosure in the small yard has peeling paint, and the wood appears to be deteriorating, and this could allow particles to fall into the enclosure.

All surfaces must be maintained and/or replaced on a regular basis. Failure to maintain and/or replace surfaces and items in the enclosure can impede cleaning, create hazards, and otherwise put the health and well-being of the animals at risk.

Repeat citation, previously cited in 2010, 2011, 2013, 2014, and 3/26/15.

An exit briefing was conducted with facility representatives.

Additional Inspectors

Gage Laurie, Big Cat Specialist
