REQUIREMENTS AND PROCEDURES.

On October 26, 2016, during a federal multi-agency (CDC-MQS, CBP and USDA-APHIS) operational inspection of shipments from DHL Aviation Americas/Vesecar International, a consignee named Mr. Jesus Canoura was identified as conducting USDA unlicensed activity as an intermediate handler of animals. The named consignee was scheduled to receive a shipment from Venezuela of forty-three (43) dogs for re-distribution to another party and/or resale; one (1) adult and forty two (42) puppies. Each intermediate handler, not required to be licensed under section 3 of the Act and the regulations of this subchapter, needs to register with the Secretary of Agriculture by completing and filing a properly executed form which will be furnished, upon request, by the AC Regional Director. The registration form should be filed with the AC Regional Director for the State in which the registrant has his or her principal place of business, and shall be updated every 3 years by the completion and filing of a new registration form which will be provided by the AC Regional Director. Also, this inspector will mail a license application packet on this day.

NO REGULATED ACTIVITIES MAY BE CONDUCTED WITHOUT OBTAINING A VALID USDA LICENSE.

This inspection was conducted with members of the multi-agency team. No exit interview was conducted.
